

Module I Principles

06. Jan. 2020 –
29. May 2020

3 Workshops

- Principles of Cancer Biology
- Principles of Cancer Immunology
- Principles of Cancer Genetics

Extra-curricular Courses

- Good Scientific Practice
- Lecture Molecular Medicine (IPMM)
- Laboratory animal science course
- ZKS Academy
- Projektleiterseminar nach §15(4) GenTSV

Module II Toolbox

01. Jun. 2020 –
18. Dec. 2020

4 Workshops

- Principles of Molecular Diagnostics
- Experimental Model Systems
- Imaging Technologies
- Hereditary Cancer Syndromes

Extra-curricular Courses

- Computational Biology Workshop
- Lecture Molecular Medicine (IPMM)
- ZKS Academy
- Workshop getting funded (IPMM)

Module III Advanced Toolbox

04. Jan. 2021 –
30. Jun. 2021

4 Workshops

- Principles of Cancer Therapy
- Trial Design Strategies
- Biology of Kinase Signaling
- Structure-guided Drug Design

Extra-curricular Courses

- Excellence in International Scientific Communication I, II + III
- Lecture Molecular Medicine (IPMM)
- ZKS Academy

Module IV Advanced Cancer Biology

01. Jul. 2021 –
17. Dec. 2021

3 Workshops

- Cell-cycle and Cancer
- Cell-death and Cancer
- Advanced Tumor Immunology

Extra-curricular Courses

- Lecture Molecular Medicine (IPMM)
- ZKS Academy
